Our volunteer transport service

Our team of volunteer drivers are available to transport people who need assistance from the Woodbury, Exmouth and Budleigh Salterton area, to access activities or services held at, or co-ordinated by Seachange. Our drivers also provide transport to medical appointments, including those at local hospitals.

Our volunteer drivers either use their own vehicles, an 8 passenger seat minibus, or a specially adapted vehicle for transporting wheelchair users. Our drivers give their free time to provide the transport service so all transport requests are subject to our volunteer drivers' availability.

If you are using the service for the first time you will be asked to complete a registration form.

Please provide as much notice as possible when requesting transport.

Please let us know as soon as possible if your appointment or activity time changes or is cancelled.

The transport service relies on donations from users, as indicated, in order to keep operating. This covers the cost of fuel and the reimbursement of our volunteer drivers for any mileage they incur.
